

## PCCAT Forum Access – PCCAT Membership Group AND Transfer System Users Group

We are **excited to have you join us in the PCCAT Forum!**

The forum will build new opportunities to connect via a community of practice with PCCAT members and those working in learner mobility across Canada.

There are two different groups within the Forum - one group for **PCCAT Membership** (for active PCCAT members only as a part of annual membership renewal) and one group for **Transfer System Users** (for transfer system users in their jurisdictions who directly manage transfer or pathways data or who take part in articulation).

**User access** to each of these groups will be **provided to participants via email invitation from PCCAT**. Access invitations will be confirmed based on annual PCCAT Membership renewal, and in dialogue with your jurisdiction's Council on Admissions/Articulation and Transfer or like body in Canada (CAT), based on their existing transfer system users' membership lists.

This brief **PCCAT Forum User Guide** is provided on PCCAT's Resources page at <https://pccat.ca/resources/> to assist you in getting started once you receive a Forum invitation email.
